

I WOULD LIKE TO SHARE A LITTLE ABOUT MYSELF

Trish Middlemiss, Owner and Hair Artist, salon Hairizona
Personalized hair care and esthetics for the whole family.

I have been a licensed hairstylist since 2004, hold an advanced diploma in Operations Management (2008), and a diploma in Dressmaking and Design (2014). I purchased salon Hairizona in February 2016, working hard to accomplish improvements in the salon, continue education, increase social responsibility and building relationships with clients.

I have a vision for a unique salon environment where high quality meets comfort, where stylists and clients easily work together to create customized hair plans allowing families the looks they want, at pricing packages they can afford, leaving confident and happy. I strive to build trust and partnerships, support the community and respect the environment. Having the amazing love and support of my husband and 2 daughters behind me, we work together to grow salon Hairizona into a staple in the community of Chippawa. Making the salon comfortable and family oriented.
